

Aurora Membership

Aims

Aurora Membership is a service which is offered to both individuals and companies alike. The 12month subscription is designed to support delegates following their attendance at a training programme, prepare delegates prior to attending a programme, or can stand alone as a distance learning product which supports the individuals' ongoing development.

If this is your introduction to Corporate and Personal Development, then congratulations on starting your learning journey with us; or if you are joining our membership because you have experienced other services in our portfolio, then again congratulations on making the commitment to take your learning to the next level. Whichever choice you have made making the commitment to join the 12month Membership programme will ensure that you create positive sustainable changes.

Incorporated into the annual subscription are the following services.

Bi-monthly Webinars	Top up your knowledge with these interactive live on-line learning sessions. All you need is 30mins of your time, access to a PC, access to a telephone and pen and paper.
Quarterly Audio Programme	Every quarter you will receive the latest training tips and techniques on audio. Ideal for listening to in the car or on your MP3 player.
Free ongoing support	Often a crisis comes in waves, be it personal or in your business; that's when our support line becomes invaluable. One of our trained team members will offer you support, coaching, advice and agree clear outcomes and actions whenever you need via the telephone or email.
Repeat any open course	Aurora Members are able repeat any previously attended open programmes and only pay the day delegate rate of the venue (normally £40 per day)
Invite to free members events	For example "Generate Appointments Day" where attendees fill their diaries with appointments in a morning then celebrate their success over lunch.

Investment

Individual Membership £150 per annum

Corporate Membership (*up to 10 delegates*) £500 per annum

Aurora Membership is available at only £105 when purchased as part of an open course package.

What people are saying

"I want to say thanks for all the help and support you and your team have given to me before, during and since the course in November 2007.

The course itself has given me increased confidence, further techniques and tools to help me develop my own skills. Not only that but we have already generated over £25,000 worth of business in the following 6 weeks and this would never have been the case without your help and guidance.

I will be referring many people to you, because I truly believe you can make a difference to everybody".

Phil Murray, Business Development Director, Harland Consulting

"Aurora supplied an excellent all round service supplying a package that has already made a huge impact to our bottom line. Aurora's ongoing support throughout the training and afterwards has been invaluable and has made the training feel completely bespoke"

Emma Seheult, MD, Vivid Promotional Marketing
